

Quantum Consciousness

by Lily Splane

Contents

Consciousness Index (self-test)
Introduction
Mini-Glossary

PART 1

Particles and Space: All That Is?
The Subatomic World
A Zoo of Particles
Particle-Wave Duality
Forces
Spacetime and The Gravity Problem: Force or Effect?
Orders of Magnitude and Scale

PART 2

The Human Factor
The Ritual of Government and Economics
War and Aggression
The Importance of Self-Esteem
Who Are You? What is a Self?
What is Self-Esteem?
Healthy Self-Esteem
Low Self-Esteem
False Self-Esteem: What Self-Esteem is Not

PART 3

Religion and Science: A Conflict?
Belief Systems vs. Scientific Evidence
Mini Glossary
Humankind's Mental Dichotomy
Mini Glossary of Belief System Ideologies
Human Bicamerality
Religious Concepts of Cosmic Order

PART 4

Cosmology In a Cosmic Nutshell
Experiments in Significance: Bell's Theorem
Schrödinger's Cat Box

PART 5

Consciousness and Intelligence
The Triune Brain
Reason and Emotions
Reason and Intuition
Internal Knowing
Cosmic Awareness
The Spiritual Connection
Man Taps into the Implicate Order

Large Number Cosmic Coincidences
The Physics of Consciousness
The One
In the End. . . .

PART 6

Paradigm Quake
A Qwiffian Society?
Knowledge and Origin . . .
The One Law . . .
Conflict . . .
Control . . .
Death and Killing . . .

PART 7

A Qwiffian Book of Inspiration
Cosmic Truths
Article I
Article II
Article III
Article IV
Article V
Relativistic Quantum Field Theory
Qwiffian Truths
Article I
Article II
Article III
Article IV
Personal Values
Article I
Article II
Personal Truths
Article I
Article II
Article III
Mini Glossary of Some Standard Philosophical Concepts
Non-Qwiffian vs. Qwiffian Values
Complementarity in Everyday Life
Employer to Employee Credo
Elegy for the "I"

Appendices

Appendix A Orders of Magnitude
Appendix B Physics Symbols
Appendix C Greek Alphabet
Appendix D Metric Prefixes
Appendix E Numerical Denominations—American System

Appendix F Physics Formulas
Appendix G What Do Others Say About the Universe?
. . . And of Intelligence

BIBLIOGRAPHY

List of Tables

Stable Particles Table 1.a
Quarks Table 1.b
Unstable Particles Table 1.c
Energy/Mass Equivalents Table 1.d
Multiples of Electron Volts Table 1.e
Forces Table 1.f
Electromagnetic Spectrum Table 1.g
Temperature Table 1.h
Functions of Left and Right Hemispheres Table 3.a
Light-Year Equivalencies Table 4.a
Cosmological Event Sequence Table 4.b
Earth's Evolution of Increasing Complexity Table 4.c
The Set of Fibonacci Numbers Table 4.d
